CYPRUS INTERNATIONAL UNIVERSITY

University : Cyprus International University

Country : North Cyprus- Türkiye

Web Address : www.ciu.edu.tr

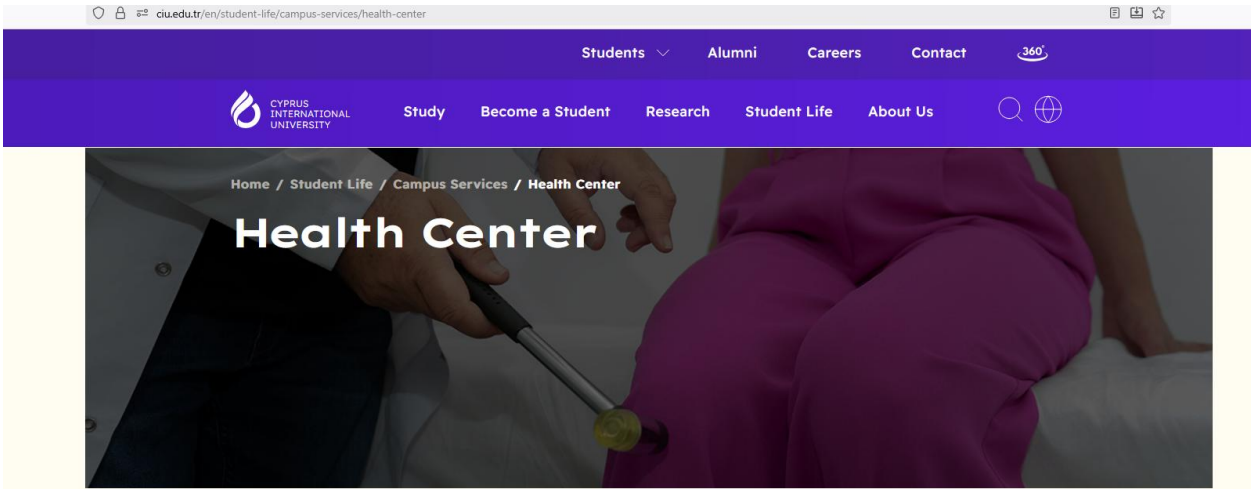
Cyprus International University (CIU) is committed to safeguarding the holistic well-being of our students by ensuring accessible, confidential, and comprehensive sexual and reproductive health-care services.

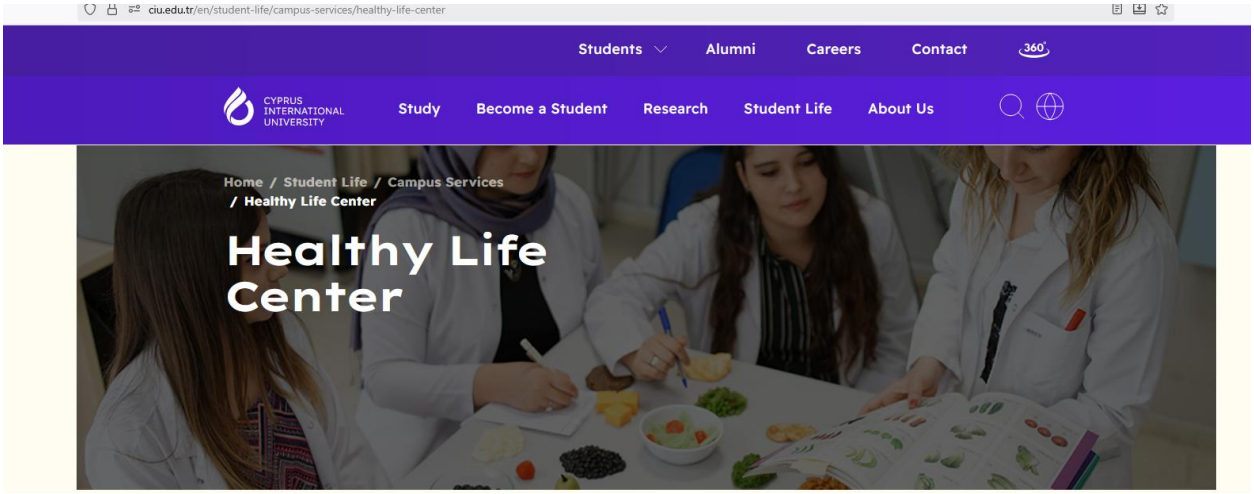
Our implemented services include:

- **Direct Clinical Access:** We provide students with confidential consultations, screenings, and referrals through our on-campus health center and established partnerships with local healthcare providers.
- **Comprehensive Education & Awareness:** We conduct mandatory workshops and regular information campaigns that cover vital topics including contraception, consent, healthy relationships, and prevention of sexually transmitted infections (STIs).
- **Discreet Support & Resources:** Our dedicated counseling and health services teams offer continuous support, ensuring every student has access to accurate information, resources, and compassionate care without stigma.

Free Sexual Health care for Students

Students are assisted with sexual and reproductive healthcare services through our Health Centre when needed. More Information is available at: (https://www.ciu.edu.tr/en/student-life/campus-services/health- center). Further assistance is also available to students through our Healthy Life Centre (https://www.ciu.edu.tr/en/student-life/campus-services/healthy-life-center)





Basic Healthcare Services

At Cyprus International University, we promote our students' health and well-being by offering free healthcare services and educational resources. We aim to create a supportive environment where students can access medical care, mental health resources, and wellness programs tailored to their needs. Informed students are empowered, so we provide educational initiatives that foster health literacy and encourage proactive health management. Visit our clinic to learn how we can support your journey to a healthier, happier campus experience.

Sexual and Reproductive

At CIU, we prioritize the sexual and reproductive health of our students by providing education and access to essential healthcare services. Our commitment includes offering confidential resources, expert guidance, and inclusive programs that empower students to make informed decisions about their sexual and reproductive well-being. We understand the importance of privacy in these matters, and our services are designed to respect and protect your confidentiality. Access to quality information and services is vital for fostering a healthy, supportive campus environment.

Cyprus International University Women Empowerment Center (CIU-WEC) offers a variety of opportunities and activities for women.
