Citation of citation (Indirect citation) quotations must be taken from the original / primary source. However, if it is not possible to obtain the original text, and the author has reached the original source via another author's work (benefitting from a secondary source), an indirect quote must be applied and an in-text note made, citing the source benefitted from. In this situation, using the terminology 'cited in' is used. EXAMPLE: (cited in Ersoy 41) or (cited from Gökyay. Ersoy 41).	In the bibliography, in the case where the author cannot reach the original source (EXAMPLE: Gökyay), not the original source but the source benefitted from should be referenced. (EXAMPLE: Ersoy, Osman. XVIII. and Paper in Turkey in XIX. Century. Ankara: Ankara University. Language and History - Faculty of Geography, 1963.)	(Cited in. Ersoy 41) or (from Gökyay Cited in. Ersoy 41)
