Shared Sport Facilities

Cyprus International University (CIU) shares its sports facilities with the public to increase the good health and well-being of the community.

Our commitment includes:

- **Partnerships with Local Schools:** We provide scheduled access to our modern sports fields, tracks, and courts for physical education classes and youth sports teams, helping to instill a love for physical activity in the next generation.
- **Public Access Programs:** Our facilities, including fitness centers and swimming pools, are made available to the general public during designated hours, ensuring affordable access to high-quality exercise equipment and spaces.
- **Community Sports Events:** We host and co-organize local tournaments, marathons, and family fitness days on our campus, transforming our facilities into vibrant hubs for community health and social connection.

More information about CIU Arena can be found at the following link:
